Academic Appointments at UMD

- 2006-present Professor, Department of Nutrition and Food Science
- 2001-2006 Associate Professor, Department of Nutrition and Food Science
- 2001- 2004 Director, Graduate Program in Food Science
- 1996-2001 Assistant Professor, Department of Nutrition and Food Science

Administrative Appointments at UMD

- 2019-present Director, Center for Food Safety and Security Systems (CFS3)
- 2016-2018 Acting Director, Center for Food Safety and Security Systems (CFS3)
- 2009-present Director, Joint Institute for Food Safety & Applied Nutrition (JIFSAN)
- 2007-2009 Interim Director, Joint Institute for Food Safety & Applied Nutrition (JIFSAN)

Other Employment

- 1992-1996 Postdoctoral Research Associate, Center for Food Safety & Quality Enhancement, University of Georgia, Griffin, Georgia
- 1987-1992 Post Graduate Research Assistant, Department of Epidemiology & Preventive Medicine, University of California, Davis, California

1983-1986 Faculty of Food Hygiene, Department of Veterinary Medicine, Sichuan Agricultural University, Sichuan, China

Educational Background

1983 DVM, Veterinary Medicine, Sichuan Agricultural University, China

1989 Master of Preventive Veterinary Medicine (MPVM), University of California, Davis

1992 Ph.D. Comparative Pathology (major: Microbiology and Public Health; minor: Pathology), University of California, Davis

1993 Postdoctoral Training, Center for Food Safety, University of Georgia

Professional Certifications and Licenses

1996 Better Food Processing School, University of Maryland

1998 Food Thermal Process Development, National Food Processors Association, Dublin, California

2002 Advanced Bacterial Genetics, Cold Spring Harbor Laboratory, New York

2004 DNA Microarray, The Institute of Genomic Research, Rockville, Maryland

2016 Leader Instructor, Preventive Controls for Human Food, Food Safety Preventive Controls Alliance (FSPCA), Crystal City, VA

Awards, Honors and Recognition

1981 Outstanding Student Award, Sichuan Agricultural University, China

1982 Outstanding Student Award, Sichuan Agricultural University, China

1986 Overseas Study Scholarship, the Chinese Ministry of Education

1991 Graduate School Tuition Fellowship, UC, Davis

2005 Commissioner's Special Citation Award, the US Food & Drug Administration

2010 Outstanding Service Award to the National Advisory Committee on Microbiological Criteria for Food, US Department of Agriculture

2010 FDA/CFSAN Director's Special Citation Award on Aquacultural Foods

2010 FDA/CFSAN Exceptional Achievement Award on Food Safety Practices at Retail

- 2013 FDA/CFR Recognition Award on iRisk Development
- 2013 The Dean Gordon Cairns Award for Distinguished Creative Work and Teaching in Agriculture, the UM College of Agriculture and Natural Resources
- 2017 Fellow, Food Systems Leadership Institute, Association of Public and Land-Grant Universities
- 2019 Fellow, American Academy of Microbiology

Teaching, Mentoring and Advising.

Courses Taught

NFSC 112 Food: Science and Technology (3 credits): team taught with four other instructors. Spring 1997, 1998, 1999, 2003, 2004, 2005, 2006

NSFC689 Food Science Colloquium (1 credit): graduate course. Spring 2000, 2001, 2002, 2003, 2004, 2005

NFSC430 Food Microbiology (3 credits): junior course in food science program. Spring 2005, 2006.

NFSC434 Food Microbiology Laboratory (3 credits): junior course in food science. Spring 2000, 2002, 2003, 2004, 2005, 2006

NFSC631 Advanced Food Microbiology (3 credits): graduate course for food science. Spring 1999, 2001, 2003, 2004, 2006, 2013, 2015, 2017

Curriculum Development

NFSC 112 Food: Science and Technology: working with four colleagues, I extensively updated this course. I was m responsible for five lectures on food safety and biotechnology.

NFSC430 Food Microbiology: I developed the course syllabus and the lectures to include topics related to the major microorganisms implemented in foodborne diseases and food spoilage, and the use of microbes for food production. The course emphasizes the “how” and “why” and “what can we do about it?” questions regarding the activities of microbes in food.

NFSC434 Food Microbiology Laboratory: I developed the course syllabus and the laboratory manual for the upper level food science course.

NFSC631 Advanced Food Microbiology: I developed the course syllabus and the lectures of this graduate course. It focuses on studying microorganisms and their pathogenesis, and the development of methods for detecting foodborne pathogens. The primary emphasis of this course is to review recent developments in food safety microbiology.

International Activities

- 1999 College International Program: participated in survey activities and developed recommendations for sustainable agriculture in Sichuan Province, China
- 1999 Distinguished scientist invited by the State Council of China to give seminars and workshops in three provinces (Anhui, Jiangxi, and Yunan), and to attend the ceremony of the 50th Anniversary of the Foundation of the Peoples' Republic.
- 2000 College International Program: host a visiting scientist to develop a research program on Safety of Fresh Produce in Costa Rica
- 2001 Research collaboration on antimicrobial resistance of bacterial pathogens with China Agricultural University, Beijing, and Guizhou University, Guiyang
- 2001 Visited Pasteur Institute in Paris, France and invited to organize a mini-forum on food safety for the Institute's publication, "Microbes and Infection."
- 2002 Research collaborations with China Centers for Disease Control & Prevention, a project on antimicrobial resistance of *Campylobacter* has been funded by USDA
- 2003 Established research collaborations with Agriculture Victoria, Melbourne, Australia. On Rapid Assay for Detecting Human Enteric Viruses and Viral Survival Dynamics on Fresh Fruits and Vegetables

- 2003 Keynote Speaker on Antimicrobial Resistance at the 5th International Symposium on the Epidemiology and Control of Foodborne Pathogens in Pork. Crete, Greece.
- 2004 Gave invited lectures and interacted with faculty and students at Medical School in Crete, and Department of Food Hygiene and Technology, Aristotle University, Thessaloniki, Greece
- 2004 Attended International Commission on Microbiological Specifications for Foods (ICMS) activities and delivered an invited lecture at ICMS International Food Safety Conference, Beijing, China
- 2005 Hosted Dr. Robert Premier from Agriculture Victoria, Australia, Co-PI of the JIFSAN funded project, and provided him with techniques developed in our lab for their testing for safety of fresh fruits and vegetables in Australia.
- 2006 Established collaborations with Northwest A & F University in China.
- 2009-2012 Member of Steering Group, Partnership Training Institute Network (PTIN), Asia Pacific Economic Corporation (APEC)
- 2012-2016 Chair, International Expert Advisory Committee, China National Center for Food Safety Risk Assessment
- 2018-2023 Chair, International Expert Advisory Committee, China National Center for Food Safety Risk Assessment
